

New Source Review newspaper advertisements for construction permit applications, October 25, 2018. The following public notices have been published in the newspapers listed below each advertisement. These newspaper advertisements for construction permit applications will be published on one of the following dates: October 25, 2018. Public notices are generally published every week. The previous publication of public notices was October 18, 2018.

### PUBLIC NOTICE

The Tennessee Division of Air Pollution Control (TDAPC) has received requests for construction and/or modification of air contaminant sources as noted below. The proposed construction and/or modification is subject to part 1200-03-09-.01(1)(h) of the Tennessee Air Pollution Control Regulations, which requires a public notification and 30-day public comment period. Interested parties may express their comments and concerns in writing to Mrs. Michelle W. Owenby, Director, Division of Air Pollution Control, William R. Snodgrass Tennessee Tower, 312 Rosa L. Parks Avenue, 15<sup>th</sup> Floor, Nashville, Tennessee 37243 within thirty (30) days of the date of this notice. Questions concerning a source may be addressed to the assigned Division personnel at the same address or by calling 615-532-0554.

Any individuals with disabilities who wish to participate in these proceedings or to review these filings should contact the Tennessee Department of Environment and Conservation to discuss any auxiliary aids or services needed to facilitate such participation. Such initial contact may be in person, by writing, telephone, or other means, and should be made no less than ten (10) days prior to the hearing, or the date such party intends to review such filings, to allow time to provide such aid or service. Contact the Tennessee Department of Environment and Conservation ADA Coordinator, 2<sup>nd</sup> Floor, William R. Snodgrass Tennessee Tower, 312 Rosa L. Parks Avenue, Nashville, TN 37243, (866) 253-5827 (toll free) or (615) 532-0200. Hearing impaired callers may use the Tennessee Relay Service (1-800-848-0298).

### HEADER

The applicant is Volunteer Sintered Products, Inc. with a mailing address of 501 Times Avenue, Lafayette, TN 37083. They seek to obtain an air contaminant permit (Division identification number: 56-0084-01/74866) for Electric Sintering Furnaces located at the same address. This existing operation consists of two (2) existing sintering furnaces and associated equipment used to manufacture metal parts for various applications. Because of the amount and type of emissions, the use of pollution control equipment is not proposed. There would be no physical construction. Regulated air contaminants are emitted by this source. Mr. E. King is the assigned Division person.

For the Macon County "Macon County Times"--publish once on or before Thursday, October 25, 2018.

### HEADER

The applicant is Manhattan Materials, LLC dba Manhattan Materials – Plant 1 with a mailing address of 423 Broad Street, NW, Cleveland, TN 37311. They seek to obtain an air contaminant permit (Division identification number: 06-0367-01/75211) for construction of a Batch Mix Asphalt Plant located at 102 Boss Road, Cleveland, TN 37311. The proposed operation would consist of a batch mixer, asphalt cement storage, crushed aggregate storage piles, and reclaimed asphalt pavement for making hot mix asphalt. Fabric filter bags (baghouse) would be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. J. Horton is the assigned Division person.

For the Bradley County "Cleveland Daily Banner"--publish once on or before Thursday, October 25, 2018.

#### HEADER

The applicant is A. Schulman, Inc. with a mailing and site address of 150 Alpha Drive, Franklin, TN 37064. They seek to update their air contaminant permit (Division identification numbers: 94-0118-03/975171 for an existing Plastic Extrusion Operation. This existing operation consists of six (6) extrusion lines, including extruders, feed hoppers, feeders, and mixers. A baghouse is used for pollution control. Regulated air contaminants are emitted by this source. Mr. Abbas Yavari is the assigned Division person.

For the Williamson County "The Tennessean"-- publish once on or before Thursday, October 25, 2018.

---

#### HEADER

The applicant is Hawkins Asphalt Paving, LLC with a mailing address of P.O. Box 292, Wartrace, TN 37183. They seek to obtain an air contaminant permit (Division identification number: 02-0109-03/74953) for construction of a Drum Mix Asphalt Plant located at 190 Squire Hall Road, Shelbyville, TN 37160. The proposed operation would consist of a drum mixer, asphalt cement storage, crushed aggregate storage piles, and reclaimed asphalt pavement for making hot mix asphalt. A baghouse would be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. J. Horton is the assigned Division person.

For the Bedford County "Shelbyville Times-Gazette"--publish once on or before Thursday, October 25, 2018.

#### HEADER

The applicant is Treviicos Nicholson Joint Venture with a mailing address of 320 Boone Dam Road, Kingsport, TN 37663. They seek to obtain an air contaminant permit for construction of a Ready Mix Concrete Batch Plant with Generator at the same address, as follows:

(1) Concrete Batch Plant (Division identification number: 82-0588-01/974990) This proposed operation would consist of five (5) storage silos, aggregate stockpiles, conveyors, a batch type mixer, and associated equipment used to produce ready mix concrete. Baghouses would be used for pollution control. There would be physical construction. Regulated air contaminants would be emitted by this source.

(2) 671 HP Diesel-fueled Generator set associated with the Concrete Batch Plant (Division identification number: 82-0588-02/974990). This proposed operation would consist of one internal combustion compression ignition engine used to power equipment associated with the Concrete Batch Plant. Because of the amount and type of emissions, pollution control equipment is not proposed. There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. J. Dolzen is the assigned Division person.

For the Sullivan County "Kingsport Times-News"--publish once on or before October 25th.

#### HEADER

The applicant is Town of Greeneville with a mailing address of 200 N. College Street, Greeneville, TN 37745. They seek to obtain an air contaminant permit (Division identification number: 30-0303-01/74935) for modification of an Air Curtain Destructor located at 1555 Old Stage Road, Greeneville, TN 37745. This existing operation consists of a 3-phase electrically powered fan with a refractory lined burn-container and associated equipment used to burn clean lumber, wood waste, and yard waste. The requested modification is to increase the amount of material burned from 2,100 to 4,000 tons per year. Because of the amount and type of emissions, the use of pollution control equipment is not proposed. There would be no physical construction. Regulated air contaminants would be emitted by this source. Mr. E. King is the assigned Division person.

For the Greene County "Greeneville Sun"-- Publish on or before Thursday, October 25, 2018.
